

Dr. Brian M. Kinney – Brief Biographical Sketch

Dr. Brian M. Kinney is a Clinical Associate Professor of Plastic Surgery at the University of Southern California in Los Angeles, CA, USA, and reputable board-certified plastic surgeon. A Past President of the Plastic Surgery Educational Foundation (USA), Board Member of the American Society of Plastic Surgeons (ASPS), Chairman of the Board of Trustees of ASPS, and Deputy Secretary General of the International Confederation of Aesthetic, Plastic and Reconstructive Surgeons (IPRAS). He is a co-founder, and present Board Member of the International Society of Plastic Regenerative Surgery (ISPRES). In addition, he is an Editor of *Aesthetic Plastic Surgery* (the “Blue Journal”) and the *Archives of Plastic Surgery* (Korea). Dr. Kinney earned his bachelor’s degree (Biomedical/Mechanical Engineering) and master’s degree (Mechanical/Electrical Engineering) after completing the Harvard/MIT Health Sciences and Technology program. He attended medical school at Tulane University and trained in general surgery and plastic surgery at UCLA in Los Angeles, CA, USA.

Professional Affiliations / Achievements

Dr. Kinney is a staff member of major hospitals in Los Angeles, such as Cedars-Sinai Medical Center and St. John’s Hospital and Health Center. He has been affiliated in various capacities, past and present, with many professional and medical organizations, which include the following:

- Board Certified, American Board of Plastic Surgery
- Clinical Associate Professor, Plastic Surgery, University of Southern California, Los Angeles, CA, USA
- Chairman, Board of Trustees, American Society of Plastic Surgeons (ASPS)
- Board of Directors, American Society of Plastic Surgeons (ASPS)
- President, Plastic Surgery Educational Foundation (PSEF) of the USA
- Deputy Secretary General, Board of Directors Member, International Confederation of Plastic, Reconstructive and Aesthetic Plastic Surgery (IPRAS)
- Associate Editor, *Aesthetic Plastic Surgery Journal* (IPRAS Journal)
- Associate Editor, *Archives of Plastic Surgery* (Korea)
- Associate Editor, *Aesthetic Surgery Journal*
- Board Member, American Society for Aesthetic Plastic Surgery (ASAPS)
- Former Associate Editor, *Aesthetic Surgery Journal*
- International Society of Aesthetic Plastic Surgeons (ISAPS)
- Chairman, Board of Governors, National Endowment for Plastic Surgery (NEPS)
- Former Chief, Plastic Surgery, Century City Hospital, Los Angeles, CA, USA
- Former Clinical Chief, Hand Surgery, Cedars-Sinai Hospital, Los Angeles
- Chairman of the Educational Technology Committee of the Plastic Surgery Educational Foundation (PSEF)
- Harvard-MIT Health Sciences and Technology Program

- Bachelor's in Mechanical Engineering – Massachusetts Institute of Technology (MIT), Cambridge, MA, USA
- Master's in Mechanical Engineering – MIT
- Research Assistantship
 - Research Laboratory of Electronics, MIT
 - Massachusetts General Hospital/Harvard Medical School, Boston, MA, USA
 - Beth Israel Hospital, Harvard Medical School, Boston, MA, USA
- University of California at Los Angeles, (UCLA), training in general surgery and plastic surgery, Los Angeles, CA, USA
- FDA Clinical Trials and Related Work
 - Botox post approval (cosmetic) launch educational program
 - breast implant post-approval studies center
 - breast implant post-approval studies clinical trial data analysis
 - Puragen Hyaluronic filler for nasolabial folds and lips
 - Purtox botulinum toxin injectable, one and three year trial
 - Prevelle Silk post approval launch educational program
 - Prevelle Lift clinical trial monitor and co-submitter of application
 - Xeomin post approval launch educational faculty
 - Belotero post approval launch educational faculty
 - Kythera / ATX101 adipocytolysis agent post approval educational program
 - Algeness agarose injectable gel, co-developer of aesthetic injectable uses
 - Perlane vs. Teosyal in the nasolabial fold
 - Motiva breast implants
- Textbook Co-Editor, *Plastic Surgery: Indications and Practice* (a 2000-page standard teaching textbook), Saunders/Elsevier Publishers, London
- American Publishers Award, Honorable Mention, Best Textbook of the Year in Clinical Medicine, 2009
- Performed live educational surgery and injections in ~ 15 countries
- Published more than 50 papers, book chapters and other materials
- Lectured more than 700 times in 40 countries
- Conducted more than 50 live surgical and noninvasive workshops in 30 countriesx

Other Career Highlights

Dr. Kinney is a member of numerous organizations in medicine, science and engineering, including the American Society of Plastic Surgeons (ASPS), the Plastic Surgery Educational Foundation (PSEF), the American Society for Aesthetic Plastic Surgery (ASAPS), the California Society of Plastic Surgeons (CSPS), the International Confederation for Plastic, Reconstructive and Aesthetic Plastic Surgeons (IPRAS), the International Society of Aesthetic Plastic Surgery (ISAPS), the American Society of Mechanical Engineers (AMSE), the American Institute of Physics (AIP), the Institute of Electrical and Electronic Engineers (IEEE) and the American Association for the Advancement of Science (AAAAS). Dr. Kinney served (as a founding member) the Editorial Board of the Aesthetic Surgery Journal from 1997-2008 and the Aesthetic Plastic Surgery Journal starting in 2009. He co-edited a 2000-page textbook, *Plastic Surgery – Indications and Operations* that won Honorable Mention for the Outstanding Medical Textbook

of the Year in the US in 2009. He has won awards for his professional work, presents and teaches at national and international meetings, serves as a consultant to biotech and engineering companies, and continues to author articles in many journals and textbooks.

Dr. Kinney has appeared on ABC network's *Nightline*, Fox Network's *Extra*, *CNN*, *Hard Copy*, *The Discovery Channel*, most of the local Los Angeles news television stations and all of the four major national news networks. He has been featured on radio and in numerous newspapers, including the *Los Angeles Times*, *New York Times*, *London Times*, *USA Today* and *Wall Street Journal*. Journalists from *Vogue*, *Glamour*, *Allure*, *Newsweek*, *Spa Magazine* and many others have interviewed him about plastic surgery, cosmetic and beauty treatments. He has also presented/interviewed on radio, television and in newspapers in Europe, Russia, China, throughout Asia, South and Central America, and been featured in documentary films. He is well-known in China as 肯尼·布莱恩. He has performed live surgery and injections for teaching conferences in worldwide locations, such as *Moscow*, *Nanjing*, *Guangzhou*, *Copenhagen*, *Vienna*, *Rio de Janeiro*, *Sao Paulo*, *Santos*, *Belgrade*, *Buenos Aires*, *Dubrovnik*, *Mumbai (India)*, *Istanbul*, *Paris*, *London*, *Bologna*, *Barcelona*, *Lima* and others.

During the Bosnian war, Dr. Kinney led surgical relief missions and was received in the Presidential Palace in Zagreb, Croatia. He has also volunteered and organized surgical relief missions in Mexico. With years of experience, he remains sought for teaching at national and international conferences, as well as consulting for various biotech and engineering companies. Dr. Kinney has authored numerous articles for journals, magazines and co-edited a new 2,000 page, standard textbook of Plastic Surgery. His work in the fields of plastic surgery has placed him in the group of the world's most well-known, top plastic surgeons.

He has served as a formal or informal scientific/business consultant to many companies such as Mentor/Ethicon, Sanofi/Aventis, Allergan, Merz, Medicis, Eleme/Smoothshapes and others. A former member of the Board of Directors of BioElectronics Corporation, he has also worked with Electropharmacology, Mirror Image Software, Canfield Scientific, Crisalix, KLOX Technologies, ThermiAesthetics, Advanced Aesthetic Technologies, Renuvion, CellMyx, Motiva, BTL Aesthetics and other tech ventures.
